Odyssefs **Diamantopoulos-Pantaleon**

Machine Learning Engineer

About me

My name is Odyssefs Diamantopoulos-Pantaleon. I am 23 years old and I currently reside in Athens, Greece. I am currently enrolling in the M.Sc. in Computer Science at the Athens University of Economics and Business (AUEB). Academically and professionally interested in Reinforcement Learning, Natural Language Processing, and Large Language Models. Excited to expand my knowledge and embrace new opportunities.

personal

Odyssefs Diamantopoulos-Pantaleon
Nationality: Greek
Date of Birth : 28/6/2000
Military obligations : pending

Areas of specialization

Machine Learning • Reinforcement Learning • Natural Language Processing • Large-Language Models

Interests

I have a passion for both volleyball and staying active, and I find pleasure in reading and engaging in philosophical discussions. I also like to travel and explore different cultures.

Languages

Greek	C2	**mother tongue**
English	C2	**proficient**
Italian	A2	**novice**

Experience

2023-Present

Machine Learning Research Engineer
Athens, Greece · Plegma Labs
Since February 2023, I have been working as a Machine Learning Research Engineer in the research department of Helvia. Performing research on Reinforcement Learning and Residential Energy consumption. Specifically, exploring the creation of Residential Energy Managers, using Reinforcement Learning techniques.

2022-Present

Machine Learning Research Engineer
Athens, Greece · Helvia.io
Since November 2022, I have been working as a Machine Learning Research Engineer in the research department of Helvia. During this time we conducted research on patent classification and won the European Patent Office (EPO) Codefest 2023 contest and published a research paper at the FinNLP conference on the topic of Large Language Models budget management.

2022-Present

Research and Teacher Assistant
Athens, Greece · Athens University of Economics and Business
Performing research on Reinforcement Learning as member of the Mobile Multimedia Laboratory (MMlab). Specifically, exploring Appliance Scheduling methods in order to cut energy costs using Reinforcement Learning techniques.
Teaching assistant on AUEB's BSc courses of "Mathematics 1" and "Data Bases".

Education

2022-2023

MSc in Computer Science
Athens, Greece · Athens University of Economics and Business
Currently on my MSc studies in Computer Science at Athens University of Economics and Business. Thesis subject: "Reinforcement Learning for Energy Efficient Consumption Optimization in Residential Settings". Projected graduation: December 2023. Ongoing Grade: 9.1/10.

2022-2023

BSc in Computer Science
Athens, Greece · Athens University of Economics and Business
Major in Computer Science. Thesis subject: "Card Game based on the Blockchain". Degree grade: 8.19/10

2019-2021

Minor in Philosophy
Athens, Greece · Deree - The American College of Greece
Minor in Ethics and Metaphysics. Degree grade: A

Honors & Awards

2023 Winner of the 2023 EPO CODEFEST

2019 Stavros Niarxos Foundation Scholarship

2019 Greek Youth Ambassador at xvii World Summit of Nobel Peace Laureates

Publications
